

## **H.J.R 20 MASTER STUDY RESOLUTION 2003 STUDY ITEMS**

*The following is a list of study items included in the Master Study Resolution and assigned by Legislative Management Committee to the Public Utilities and Technology Interim Committee for consideration.*

*The following potential study issues will be used by the committee chairs in developing this year's interim study schedule. Please review, prioritize, and return to staff at the meeting's end so the chairs will have your input in determining which items to study.*

Please rank these issues in order of importance by using the number, 1, as your most important, the number, 2, for the second most important, and continue with 3, 4, 5...

---

**G 164. Computer Information Transactions (L. Hillyard)** - to study the Uniform Computer Information Transaction Act

**G 165. Coordination of Utility Services (J. Dunnigan)** - to study the coordination of water, sewer, and other utility services between political subdivisions when the property to be served is in one political subdivision but it is more reasonable, because of geography and other factors, that another political subdivision provides the services.

**G 166. Disposition of State Intellectual Property (L. Pace)** - to study policies and procedures for selling or otherwise disposing of state-owned intellectual property including computer programs and software systems.

**G 167. Phone Company Billing (J. Dougall)** - to study the issues related to the billing practices of phone companies.

**G 168. Public Hearing on the Public Service Commission (E. Mayne)** - to study the need for a public hearing on whether the Public Service Commission should be restructured, including whether the commissioners should be elected.

**G 169. Update Rate Committee (D. Steele)** - to study revising and updating of Utah Code provisions relating to the Information Technology Rate Committee in the Department of Administrative Services.

**G 211. The ability of the PSC to track wireless service complaints (C. Bennion)** - to study the ability of the Public Service Commission's ability to track customer complaints regarding their wireless service.

**G Please indicate any other issue you feel needs review**\_\_\_\_\_
